he State Corporation Commission on yesterday issued a summons upon the Baltimore and Ohio Railroad Com-pany and the Southern Railway Com-pany to appear before that body on the 28th day of March at 11 o'clock in the morning, when the commission will ine morning, when the commission will investigate the matter of the alleged inadequacy and insufficiency of the station building at Strasburg Junction, which station is used jointly by these two railroads. The present station at this point, while it is used jointly by these two roads, is small, and has but one waiting-room for both white and colored, passengers. The commission on a recent inspection trip made objection to this station, and has now set the matter for a formal hearing.

PAY POLL TAXES.

Must Be In by May 5th in Order for Citizens to Vote in Primary.

Attention is called to the fact that persons who fail to pay their poil taxes for the year 1906 by May 5, 1907, will not be entitled to participate in the approaching legislative primary, or the general elections in November. This not only applies to voters in the city, but to those throughout the State as well. In other words, any person in Virginia who would be otherwise qualified to vote in the elections in November 5th for county officers and members of the Legislature, must have paid his 1906 poil trax prior to May 5, 1907.

It makes very little difference with Richmond veters as to the general election, as senough will be qualified to elect an legislatify forminees, but no Democrat can participate in the party primary next summor who has not qualified in inself to vote in the ensuing November elections. for Citizens to Vote in Primary.

State Association Requests Railroads to Give Low Rates to Jamestown.

MODIFY INSURANCE LAWS

Asks Corporation Commission and Legislature to Deal With Express and Railroad Co.'s.

The Retail Merchants' Association The Retail Merchants Association for Virginia, at its annual meeting, hold here Tuesday night, took up a number of important matters affecting the trade throughout the State, and adopted strong resolutions setting out their views with reference thereto.

One of the most interesting resolu-One of the most interesting resolu-tions adopted was that requesting all the railroads in the State to make the lowest possible passenger rates to and from the Jamestown Exposition, so as to encourage the attendance of the people upon this great event.

The resolutions call upon the General Accomplist to energy in requiring

Assembly to enact a law requiring the settlement of claims on intrastate freight shipments within thirty days, and also one requiring a more prompt movement of freight. It is recommended that the Corporation Commission states are represented to the companies to the companies of sion require express companies to stamp the hour of arrival on all packat their destination and designate number of pounds contained in

each.

Reciprocal demurrage is called for, and the Legislature is asked to abolish the three-fourths value clause on fire insurance policies.

Other matters of interest to the commerce of the State are vigorously dealt with in the resolutions.

The association is in fine shape, and the body is starting in on a campaign to double its membership within the next year.

The Resolutions.

Failure to Settle Claims.

Hailure to Settle Claims.

That, whereas, the delays made by common carriers in the adjustment of overcharges and loss of goods are attended by much loss to shippers, we therefore recommend that the General Assembly of Virginia do enact a law with sufficient penalties to insure settlement of claims on interstate sibments within sixty days, and on intrastate shipments within thirty days.

Prompt Shipment.

That, whereas, the delays in shipments in freight and express have become so frequent that they are not only an inconvenience to merchants, but such delays occasion actual loss to profits therefore, we recommend that the Gen therefore, we recommend that the Gen eral Assembly of Virginia do enact such enalty laws as will eradicate this ev-nd compensate shippers for loss and in

Fire Insurance Companies.

Whereas, the rates charged by fire in-urance companies are in many instances to high, we recommend that each local too high, we recommend that each local association appoint an insurance committe to investigate the charges made in their respective localities, and use their best efforts to secure equitable rates. We further recommend that the directors of this association investigate the feasibility of establishing a fire insurance company, and report at the next convention.

Express Companies.

known yesterday, was the announcement that arrangements are being made for the Fifth Regiment, Veteran Reserve Corps, of Maryland, to attend the Confederate reunion as a body, en route to the Jamestown Exposition.

The regiment has chartered the old Bay Line steamer Baltimore; and will leave Baltimore on the afternoon of June 2d, and come to Richmond by way of West Point, reaching here on the morning of the 3d of June in time for the exercises in connection with the unveiling of the Jefferson Davis Monumen. The members of this organization will be in handsome new gray uniforms on this trip.

Ten thousand beautiful metalic badges, suitably engraved and very crnate in design, will be distributed among the old solders who come here and will constitute a striking souvenir of the reunion. These will be given free of cost to all veterans. A second medal or badge, somewhat similar in design to that intended for veterans, will be sold to the public at 50 cents. By this means, it is hoped to defray the expense incurred in the manufacture of the badges for the old solders.

How the Fund Stands That, whereas, the express companies arbitrarily enforce such rates as are exarbitrarily enforce such rates as are excessive, and frequently collect overcharges, maintain slow and infrequent deliveries, we recommend that the Corporation Commission require the express
companies to stamp the hour of arrival
of each shipment on each package at,
destination, and designate the number of
pounds, charges and classification in each
bill of lading or bill rendered for the
collection of money.

Presingues Demugrages

Reciprocal Demurrage. That, whereas, public carriers for the property impose demurrage on shipmen we recommend that the Corporation Comission enforce reciprocal demurrage.

Freight Discrimination.

That, whereas, several communities and localities are unjustly discriminated against in shipments of freight, we recommend that the Corporation Commission use every effort to avert these injustices, as such practices make it impossible for these communities and localities to develop their natural advantages.

Fire Insurance.

recommend that every possible association to get the General Assembly of Virginia to enact a law to require that the amount set out in a fire insurance policy shall be prima facie evidence of the value of the property insured therein.

Interchangeable Mileage.
That, whereas, there is a certain element of people who live on and by the efforts of others, we recommend that the officers of each local association establish a credit and collection bureau, and exchange such information with each other as will break up this class of "dead beats."

Rebate and Advertising Schemes. That, whereas, relates, discriminating discounts, coupons, trading stamps and other so-called advertising schemes are injurious to the legitimate trade, we recommend that the local associations do put forth every possible effort to abate such injurious practices.

Reduced Rates to Jamestown. Resolved, That it is the unanimous re-uest of the Retail Merchants' Association of Virginia that the railroads trav tion of Virginia that the railroads traversing the soil of this State should fix from all their terminals to Hampton Roads the very lowest passenger excursion rates to and from the Jamestown Exposition, it being the sentiment of those representing every section of this State her, assembled that it is the duty of every corporation and organization enjoying the privileges of eminent domain of this Commonwealth, benefiting from of this Commonwealth, benefiting from of this Common ealth, benefiting from the commerce of this State, to do all that possibly can be done to bring the people from every section of this great country, and particularly from our own State, to attend the exposition, that they may bear personal testimony to the greatness of Old Virginia and the success that should testify to the greatwork of the colony that lead to the upbuilding of this greatest and grandest republic civilization has ever known. this Commonwealth, benefiting from

GREAT MASS-MEETING SUNDAY

Evangelist James Small to Preach at Academy - Services at Broadus Memorial.

The Seventh Street Christian Church was filled last night with a large and appreciative audience, Evangelist "Salvation in Christ; or, What Shall I Do to Be Saved?" The speaker emphasized Christ as the keystone of religion, the whole point and centre of the Bible. There is no answer to the question in the text in naure, creeds or law. We must go to the New Testament for the answer. Christ is the embodiment of all that is noble and sublime. No other oracle will speak; the answer is in Christ. The question is only asked four times in the New Testament. Feeling will not take the the place of conviction, nor will conviction take the place of action Where God leaves off we must begin. We must believe, repent and be baptized. "Believe on the Lord Jesus Christ, phasized Christ as the keystone of

Mrs. Amy C. Weech Makes Il lustrated Temperance Talk. A meeting of the East End Woman's Christian Temperance Union was held last night at Union Station Methodist Church, the address being by Mrs. Amy C. Weech, of Alexandria, State secretary of the Young Woman's Branch. Mrs. Weech gave a most interesting talk on the subject "Who Shall Roll the Stone Away?"

She was introduced by Mr. W. M. Bickers, and the music was provided to the male chorus of the Union Station Men's Club, under direction of Mr. Frank T. Battes.

Mer's Club, under direction of Mr. Frank T. Intex. Weech illustrated her talk with a stereoption, the first picture, the "Hand of Faith," showing prohibition removing the stone of intemperance. Later bictures illustrated the results. Mrs. Weech made the point that the law could do nothing that the people could not do for themselves, and that until temperance laws were passed and backed by public sentiment they would be unavailing. Mrs. Weech will lecture in several of the churches during the week, her schedule being as follows: Venable Street Baptist Church, this afternoon at 4 o'clock. Clay Street Methodist Church, on Friday afternoon at 4 o'clock. Union Station Methodist Church, illustrated talk, for

Methodist Church, illustrated talk for children and mothers, on Saturday at o'clock; Third Christian Church, Monday afternoon at 4 o'clock.
